# YOUR NEW YEAR'S GUIDE TO RESOLUTION

For most applications, selecting a video security solution is typically influenced by 3 factors: resolution requirements, technical expertise, and cost. Today, significantly higher resolution is available across analog, HD-SDI, and IP platforms – **at significantly lower prices than just a year ago.** But how much do you really need for your application? The chart below will help you choose. Still have questions? No problem! Simply speak to one of our expert sales consultants, and we'll help to build a solution perfect for your needs!

| | Start Here | Advantages | Considerations | Applications |
|---|---|---|---|---|
| **ANALOG** | Traditional analog cameras now deliver up to 700 TVL resolution, and new analog DVRs can record up to 960 TVL. *(See Resolution Comparison Chart – page 3)* | » Very Low Cost<br>» Plug & Play – simple to install & operate<br>» Good Enough – supports basic video surveillance needs | » Forensic Detail – limited resolution and digital zoom capabilities<br>» Scalability – fixed # video channels | » Single or multi-site installations, 1-16 cameras per site<br>» Basic surveillance for residential, small commercial applications |
| **HD-SDI** | HD-SDI (HDcctv) solutions deliver up to 3.0 megapixel video images over standard co-axial cable, offering the benefits of megapixel technology, but the operational simplicity of analog. *(See Resolution Comparison Chart – page 3)* | » Lower Cost than IP<br>» As simple to install & operate as ANALOG<br>» Megapixel resolution images, digital zoom capabilities | » Scalability – fixed number of video channels<br>» Flexibility – analog & HD channels not interchangeable<br>» Proprietary – cameras & DVRs are not widely compatible | » Single or multi-site installations, 1-16 cameras per site<br>» Retail & small commercial applications that require 1 or more HD cameras for advanced identification capabilities |
| **IP** | Megapixel IP cameras – by definition – capture millions of pixels, and allow you to see more details (for identification of people or objects) or view a larger area with a single camera. *(See Resolution Comparison Chart – page 3)* | » Easily networkable<br>» Megapixel resolution images, digital zoom capabilities<br>» Unlimited resolution – IP cameras offer 10+ megapixel options<br>» Leverage Power over Ethernet (PoE) | » Cost – IP solutions, especially higher megapixel, can be expensive<br>» Capacity – higher-resolution images consume more storage & network bandwidth<br>» Requires CAT5/6 cabling | » Single- or multi-site installations of any size<br>» Buildings with existing networks<br>» Applications requiring forensic detail across many/all cameras |

LEARN MORE ON PAGE 12 ▸

## DID YOU KNOW?

Today's higher megapixel cameras actually capture more detail than can be displayed on high-definition LCD monitors. For example, a 1080p monitor can only display 1920 x 1080 pixels – equivalent to the resolution captured by a 2.1 HD megapixel IP camera.

# Need Help with Installation?

## Call us to be put in contact with local, registered installers

We partner with registered technicians to offer easy installation and system set up. Certified installers have been trained on not only execution, but account set up and tutorial of the our product and related accessories.

### We have thousands of dealers across the US!

No matter where you live, you'll always have a technician close at hand. With dealers in virtually every city in the US, you'll be covered 24/7.

### Professional installers will:

- Set up your surveillance system
- Run all cables from the cameras to DVR
- Make all low voltage electrical and video connections
- Ensure sure that the cameras are aimed, focused and adjusted properly

### Schedule a security camera installation today!

If you are interested in installation of a new product, please call us. We will set you up with a trained installation technician.

4-channel NVR

16-channel NVR

**Need to store your video for long periods of time? Provides capacity for up to 6TB storage!**

## New! See video from all your Solstice NVRs in a single interface

See video from up to 32 Solstice recorders in one easy-to-use browser window! These Central Management Software appliances allow you to view video from multiple Solstice NVRs from one browser-based interface.

Available 8 and 32-box configurations.

*Includes 1-year warranty and 30-day money-back guarantee.*

| SKU | SOLSTICE RECORDERS | PRICE |
|---|---|---|
| SLS-ECMS8-1T | Up to 8 | $699.99 |
| SLS-ECMS32-1T | Up to 32 | $1,799.99 |

# Solstice's Web-based Video Management Software

Intuitive, easy-to-use interface web-based software means you don't have to install it on your computer, and you can use your VMS anywhere you have internet access.

**Multi-streaming** feature allows you to set your recording resolution at one rate and watch live video at another rate.

**Automatic streaming** feature sets the live-viewing video resolution to your window size, saving you bandwidth and computer processing power.

**Graphical timeline** for recorded video with easy event look up.

**Record up to 16 multi-megapixel** devices at once. Multi-window UI lets you view on multiple monitors.

System and device **health monitoring** lets you view system temperature, available storage space, bandwidth usage and more.

**View live** and recorded video side-by-side from the same camera.

# Use Solstice™ to Build Your Own Turn-key IP System

Just add cameras and a monitor for a complete IP solution

## Great for outdoor, round-the-clock security

- 2.0 megapixel IP cameras
- Built-in 50' IR range and IP68 weather rating
- 3-10 mm varifocal lens
- PoE (Power over Ethernet)

**Only $469.99**

## Indoor IP Security

- 2.0 megapixel resolution @ 15 fps/720p @ 30 fps
- 3.6 mm lens
- Includes 3D-DNR, blind detection, and privacy masking
- PoE (Power over Ethernet)

**Only $249.99**

## Indoor IP with 2-way Audio

- 3.8 mm fixed lens
- 2-way audio with embedded microphone and speaker
- Integrated PIR sensor with motion-activated LED
- PoE (Power over Ethernet)

**Only $219.99**

## NEW! 2.0 Megapixel Pinhole Lens IP Micro Camera with Microphone

**For discrete installations such as high-end and retail**

- Delivers 1920 x 1080 (1080p) @ 30 fps full HD resolution video
- Built-in microphone
- Digital day/night improves the camera's low light sensitivity
- 3D-DNR
- ONVIF compliant

*Includes 1-year warranty and 30-day money-back guarantee.*

ONVIF Compatible

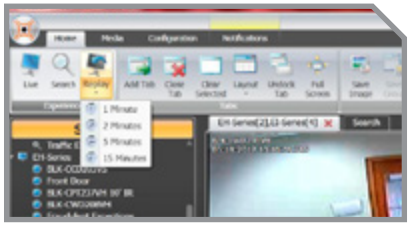
**2.0 Megapixel Pinhole Lens IP Micro Board Camera with Microphone** PC2MP-UXP **$349.99**

# DIGIOP® Video & Data Management Platform

## DIGIOP ELEMENTS™ Software Solution

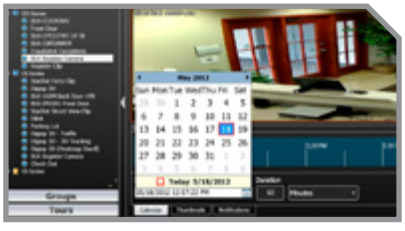
DIGIOP ELEMENTS™ is a powerful video management software application that features simple, user-friendly tools designed to help you to find your important video, FASTER!

DIGIOP ELEMENTS also supports data integration, allowing you to quickly locate the video associated with data from external devices, providing immediate video verification.



### Instant Replay

This search feature allows instant rewind of video from the last 1, 2, 5, or 15 minutes. With a single click, users are able to save time and quickly locate specific video clip.



### Calendar Search

A powerful search feature that lets users enter the exact date, time and duration to be reviewed, and features a precise timeline slider to examine the defined time period.

### Quick Export

Single touch save and export tool allows users to easily distribute selected time range of recorded video or selected image clips. For added flexibility, users can export information using a variety of available file formats.

### Thumbnail Search & Auto Enlarge

Thumbnail search option quickly navigates through recorded video by viewing thumbnails of video segment within a defined search timeline. Thumbnail search allows users to precisely identify when specific event. Simply mouse over thumbnails to enlarge the frame of the video to identify the desired part of the video.

### Notifications Engine

Notifications are alerts that bring attention to events. Events can be everything from the system not recording, the system being offline, video loss from a camera to system loss. Notifications can also be generated by an Action that is triggered when a defined Rule is broken. When notifications appear, they can be managed and tracked to resolution.

### Pre-installed on ALL DIGIOP Recording Solutions!

Purchase our DIGIOP server solutions pre-installed with DIGIOP ELEMENTS to take advantage of Open IP License:

- ALL channels enabled
- Licenses NEVER expire
- NO recurring fees
- PLUS! System-based upgrades for future enhancements
- With DIGIOP, you only pay for what you need, and only pay once

# New from DIGIOP®
# Innovative, Feature-Packed Recording Solutions

## Enhanced performance, flexibility & scalability!

DIGIOP has introduced a completely **NEW** line of NVR and hybrid recording servers, loaded with powerful new features designed to enhance your surveillance system and lower your total cost of ownership.

**NEW Server chassis can be rackmounted or configured desktop units**

## Loaded with powerful new features:

### Never Pay for Camera Licensing Again!

All DIGIOP servers feature DIGIOP's unique **Open IP License.** When you purchase a DIGIOP server, all channels are open—enabling you to add as many cameras as you need (up to the 32-channel max per system), WITHOUT having to purchase additional licenses. Plus—there are NO recurring fees!

### FlexVR™ Use Any Combination of IP and Analog Cameras

**FlexVR™ Hybrid Servers** allow you to choose how many analog and IP cameras you want to connect to the system—within the range of the total number of channels supported by the DVR. Use FlexVR servers to support your transition from analog to IP, while utilizing your existing investment.

### Extended Storage Options – Up to 14TB!

Larger hard drives allow you to store more video footage for a longer period of time. These new DIGIOP servers feature storage options up to 14TB.

### Supports Live-streaming

Use DIGIOP servers as live viewing stations—our Intel i5 and i7 processors can withstand the demands of live local view, without affecting performance.

### All Systems Pre-Installed with DIGIOP ELEMENTS

ALL DIGIOP recording solutions ship pre-installed with DIGIOP ELEMENTS, our powerful VMS suite. Find your video faster with multiple search options and integrate with POS, alarms, and more!

**Turn the page to see all our NEW DIGIOP solutions ▸**

# NEW & Improved!
# DIGIOP® IP Recording Solutions

Designed with a scalable, easy-to-manage architecture, these DIGIOP® network video recorders can meet any challenge—from a four camera installation at a single location to an expansive global network of more than 5,000 locations.

*Rail kit required for rack mounting*

SV4000-2T

# Introducing! DIGIOP® FlexVR™ Hybrid Solutions

Unlike traditional hybrid DVRs, DIGIOP's FlexVR™ Hybrid Recording Solutions allow you to configure each channel to support an analog or IP video camera—at any time—allowing for a seamless transition to IP video at a pace that fits your needs or budget.

**Features & Benefits:**

- FlexVR™ technology – each channel supports IP or analog video
- Open IP License – ALL licenses are included, and fully enabled
- All systems come pre-installed with DIGIOP ELEMENTS
- Supports live streaming directly on the recorder
- 2U & 3U rack-mountable chassis

*Includes 3-year warranty and 30-day money-back guarantee.*

**2U Model**

**3U Model**

*Rail kit required for rack mounting*

## SUITED FOR TRADITIONAL SECURITY APPLICATIONS

**RECOMMENDED FOR:**

- Small to Medium-sized Businesses
- Retail Stores
- Schools and Educational Facilities
- Apartment Complexes/Condo Communities

### NEW! DM Series Hybrid Recorders

**Exceptional Performance for Traditional Security Applications**

- 16 channel captures video at 480ips; 32 channel captures video at 960ips @ CIF
- MPEG-4 video compression

| MPEG4 HYBRID SOLUTIONS | CHANNELS | SKU | LIVE VIEW | STORAGE CAPACITY | PRICE |
|---|---|---|---|---|---|
| 16 Flex-channels / Core Hybrid | 16 Flex + 16 IP | DM16-LV2T | Yes | 2TB | $5,000.00 |
| 16 Flex-channels / Performance Hybrid | 16 Flex + 16 IP | DM16-HV2T | Yes | 2TB | $5,850.00 |
| 32 Flex-channels / Core Hybrid | 32 Flex | DM32-LV2T | Yes | 2TB | $6,000.00 |
| 32 Flex-Channel / Performance Hybrid | 32 Flex | DM32-HV2T | Yes | 2TB | $6,850.00 |

**24" Rack Rail Kit** D-RAIL-24 **$150.00**

## WHEN YOU NEED REAL-TIME, HIGH RESOLUTION VIDEO

**RECOMMENDED FOR:**

- Small to Medium-sized Businesses
- Cash-counting Businesses
- Financial Institutions
- Casinos

### NEW! DH Series Real-time Hybrid Recorders

- 30fps @ D1 on EVERY channel for REAL-TIME video
- H.264 Video compression
- 16 channels of analog audio

**UPGRADE YOUR HARD DRIVE TO:**

- 5TB +$900
- 8TB +$1,800
- 11TB +$2,700
- 14TB +$3,600

| H.264 REAL-TIME HYBRID SOLUTIONS | CHANNELS | SKU | LIVE VIEW | STORAGE CAPACITY | PRICE |
|---|---|---|---|---|---|
| 16 Flex-channels / Core Hybrid | 16 Flex + 16 IP | DH16-LV2T | Yes | 2TB | $6,200.00 |
| 16 Flex-channels / Performance Hybrid | 16 Flex + 16 IP | DH16-HV2T | Yes | 2TB | $7,050.00 |
| 32 Flex-channels / Core Hybrid | 32 Flex | DH32-LV2T | Yes | 2TB | $8,200.00 |
| 32 Flex-channels / Performance Hybrid | 32 Flex | DH32-HV2T | Yes | 2TB | $9,050.00 |

**24" Rack Rail Kit** D-RAIL-24 **$150.00**

## What model is right for me: Core vs. Performance?

Core systems use an i5 processor, whereas Performance models have an i7 processor. A faster i7 processor allows you to view more live channels at one time at full megapixel resolution. If you want to live-view more channels directly on the box, Performance is for you.

| Core i5 processor | Performance i7 processor |
|---|---|
| Live-view up to **8 streams** @ 7fps from 2.0 MP cameras* | Live-view up to **16 streams** @ 7fps from 2.0 MP cameras* |

*More streams available with lower resolution settings

## Benefits of infinias IP-based Access Control

### The infinias Difference

infinias IP-based access control solutions feature the ground-breaking eIDC$^{32}$ door controller – delivering sufficient Power over Ethernet to carry both data and power for the controller and peripheral door hardware.

### Cost Savings

IP-based access control solutions deliver lower equipment costs and lower installation costs (network powered with substantially less cabling and shorter runs), reducing installation costs by up to 30%!

### Scalability

Intelli-M Access software supports an unlimited number of doors, and the eIDC$^{32}$ door controller makes it simple to add additional doors to your network at any time—from a single door, to thousands.

### Convenient Access Scheduling

infinias Intelli-M Access software integrates with Microsoft Active Directory, providing convenient access management of weekly schedules, holidays and more. Each door controller/door supports up to 254 schedules with holiday exceptions.

**Dealers! Interested in Access Control to your product lineup?**
**It's easier than you think! Contact your sales representative for more information.**

infinias
Simple. Scalable. Secure.

## Save up to 30% over the cost of traditional access control!

**Traditional Panel-based Access Control**

- × "Home-run" cabling required for door & each device
- × Devices require independent power source
- × No hardware failover protection
- × Manual troubleshooting
- × Limited door licensing structure

**infinias IP-based Access Control**

- ✓ Single Ethernet connection from door to PoE switch
- ✓ Devices powered by controller
- ✓ Failover protection
- ✓ System health monitoring and alerts
- ✓ Easy permissions & schedule management
- ✓ Unlimited door licensing

# Get Started!

## Intelli-M Single Door Add Kit with HID Prox Reader, Door Strike and Sensors

**Includes essentials to add a single door to your network**

- » Simple to install, mounts at the door with a surface mount box
- » Door controller connects to the closest network switch with a single cable
- » Supports one door with one or two Wiegand readers

**infinias Single Door Kit**
S-DOOR-KIT-WH-ST **$815.00**

## HID ProxPoint Plus Mini Mullion Access Control Readers

**Engineered for indoor and outdoor use**

- » Compact design
- » Multiple configuration options
- » 125 kHz transmit frequency
- » Available with either Wiegand or Clock-and-Data output
- » Features a beeper and multi-color LED

**Gray Access Control Reader** A-CRS-6005-GRY **$135.00**
**Black Access Control Reader** A-CRS-6005-DRK **$135.00**

## Access Control Proximity Cards

**Provides convenient and secure access control**

- » Thin, durable card fits easily inside a wallet
- » Printable
- » Consistent read range
- » Convenient card slot for attaching lanyards

**Clamshell Proximity Card** S-ACC-CLM
**CALL FOR PRICING**

**PVC Proximity Card** S-ACC-PVC

# HD Cameras - Highest Possible Resolution Over Coax!

Full HD 1080

HD-SDI technology not only delivers incredible resolution and image quality that is far superior to analog CCTV, an HD-SDI video system provides a cost-effective video surveillance solution that's easy to integrate, implement and install.

## NEW! The BLACK Line 3.0 Megapixel 360° Panorama View HD-SDI Dome Camera

**Features 1080p full HD video resolution, WDR and an IP66 weather rating**

*360° Panorama Sample View*

- 1920 x 1080 (1080p) full HD video resolution
- 1/3" Sony Exmor CMOS image sensor
- HD over coax HD-SDI and HDcctv signal
- 1.25 mm fisheye lens
- Selectable 360 degree panorama view/dual 180 degree/quad view display
- Wide dynamic range (WDR)
- Built-in video output and OSD joystick
- IP66 weather rated
- Dual voltage: 12 Vdc/24 Vac

*This camera Includes a 3-year warranty, 30-day money-back guarantee and free lifetime US-based technical support.*

**The BLACK Line 3 Megapixel 360° Panorama View HD-SDI Dome Camera** BLK-HD360 **$699.99**

## 2.1 Megapixel 65' IR Outdoor Turret Dome Camera

- 1/3" Sony 2.1 Megapixel Progressive Scan CMOS image sensor
- True HD res: 1920 x 1080 (1080p) @ 30 fps, 1280 x 720 (720p) @ 60 fps
- Features HD over coax
- True day/night (ICR) to capture sharp, detailed images day and night
- 65' IR range
- IP66 weather rated enclosure
- Operates on 12 Vdc @ 390 mA

*The camera Includes a mounting bracket, 1-year warranty, 30-day money back guarantee.*

**2.1 Megapixel 65' IR Outdoor Turret Dome Camera** BLK-HD33IR **$219.99**

## Indoor 2.1 Megapixel HD-SDI Box Security Camera with HDMI Output

- True HD resolution: 1920 x 1080 (1080p) @ 30 fps
- Features HD over coax
- Digital day/night improves the camera's low light sensitivity
- Enhanced imaging with 2D + 3D-DNR
- Defog feature reduces distortion from fog or rain
- Built-in OSD controls
- Dual voltage:12 Vdc, 24 Vac

*Includes a 3-year warranty and 30-day money-back guarantee.*

**2.1 Megapixel HD-SDI Box Security Camera with HDMI Output** BLK-HDC20HDMI **$269.99**

**IP66 RATED + CABLE CONCEALED BRACKET INCLUDED**

## 2.1 Megapixel 75' IR HD-SDI Outdoor Bullet Security Camera

- 1/3" Sony Exmor CMOS image sensor
- HD-SDI over coaxial cable
- True HD res: 1280 x 720 (720p) @ 60 fps 1920 x 1080 (1080p) @ 30 fps
- True day/night (ICR)
- 75' IR range
- 3.6 mm fixed Megapixel lens
- HD-SDI & analog output
- IP66 weather rated
- Operates on 12 Vdc @ 300 mA

*Includes a 3-year warranty and 30-day money-back guarantee.*

**2.1 Megapixel 75' IR HD-SDI Outdoor Bullet Security Camera** BLK-HDC32IRG **$239.99**

# The Benefits of HD-SDI

**If you need higher quality images than analog CCTV, HD-SDI delivers high-quality, detailed HD resolution to support your business needs. Zoom in during live video and playback modes to focus in on area of interest with exceptional clarity and crisp detail.**

## 2.1 Megapixel 40' IR WDR HD-SDI Dome Cameras

**Produces high resolution images day or night**

- Provides 1944 x 1092 resolution (1080p @ 30 fps, 720p @ 60 fps)
- 2.1 megapixel 1/3 in Panasonic CMOS imager sensor
- 3-axis adjustment
- 40' IR range
- On-screen display (OSD)
- On-screen display (OSD) with 3D-DNR, wide dynamic range (WDR), DSS, BLC, and AGC
- IP67 weather rating protects against the harshest weather conditions (BLK-HDM2IR)

*Includes 3-year warranty and 30-day money-back guarantee.*

- Built-in light for easy wiring connections
- Supports NTSC & PAL video signal formats
- Up to 8 hours of battery life on full charge (Lithium polymer)
- Equipped with a protective rubber case

Multi-function Mini CCTV Field Monitor Tester TSTCCTV **$359.99**

## Video/Power Cables

### RG59 95% BNC Video Power Cable

25' RG59 95% BNC Video Power Cable RG59S25 **$14.99**
50' RG59 95% BNC Video Power Cable RG59S50 **$19.99**
100' BNC to BNC Cable with Power RG59S100 **$24.99**

### Video/Audio/Power Extension Cable

25' Video/Audio/Power Extension Cable EXT25 **$12.99**
50' Video/Audio/Power Extension Cable EXT50 **$16.99**
100' Video/Audio/Power Extension Cable EXT100 **$24.99**

CAB-CAT5

RJ45BAG

### CAT5 Cables

1' Terminated CAT5 Ethernet Cable CAB-CAT5-1 **$4.99**
10' Terminated CAT5 Ethernet Cable CAB-CAT5-10 **$9.99**
100' Terminated CAT5 Ethernet Cable CAB-CAT5-100 **$24.99**
100' Bulk CAT5 CCA Video Cable CAB-CAT5-1000E **$99.99**
100 Piece RJ45 Ethernet Crimp Connectors RJ45BAG **$9.99**

### Three-Way Power Splitter

Three-Way Power Splitter TRI-POWER **$9.99**

### Single Female to Dual Power Adapter

Single Female to Dual Power Adapter YPOWER **$4.99**

### RG59 18AWG Siamese Cable

- 18AWG 2 Conductor Power Wire
- 95% copper shielding

1000' Bulk CAT5 CCA Video Cable CAB-CAT5-1000E **$99.99**
1000' RG59 18AWG Siamese Cable WHITE RG59S1KW **$199.99**
1000' RG59 18AWG Siamese Cable BLACK RG59S1KB **$199.99**
500' RG59 18AWG Siamese Cable WHITE RG59S500W **$109.99**
500' RG59 18AWG Siamese Cable BLACK RG59S500B **$109.99**

# Analog Wireless

There are many benefits of choosing a digital wireless solution, here are a few:

- There's no need to excavate and run video cables
- It's even less expensive than IP wireless
- The video signals are digitally secured protecting you from hackers, criminals and nosy neighbors
- It's easy to set up

## Tirade 5.8 & 2.4 GHz Indoor Wireless Access Points

**Great for hotspot applications as an indoor access point**

- Ideal for wide coverage area applications
- Configure multiple SSIDs and more
- 5 GHz frequency band / 2.4 GHz frequency band
- 802.11 a/n modulation
- 2 x 2 MIMO, dual 3dBi omni antennas
- Carrier-grade rich features allows for enterprise-level access
- 3.3" (h) x 4.8" (l) 0.78" (h)

**5.8 GHz Indoor MIMO Wireless Access Point** WIP5800N **$114.99**
**2.4 GHz Indoor MIMO Wireless Access Point** WIP2400N **$119.99**

## High-Powered Outdoor 2.4 GHz Wireless Transmitter / Receiver

**Use your analog camera to send wireless video and audio**

- Encased in a NEMA 4 weatherproof housing
- FCC Part-90 approved
- Transmitter power 100mV
- Dynamic frequency allocation to avoid interference
- Up to 15 miles range when used with high gain antennas (sold separately)

**High-Powered Outdoor 2.4 GHz Wireless Transmitter / Receiver** DVL24WR **$199.99**

# Simplify Your Installation!

## Product Configuration Services

Our Product Configuration Services consist of four different services, specifically designed to simplify the process of installing, deploying and managing your security solution. Your solution comes pre-programmed, pre-configured, labeled and fully-integrated—saving you time. You can enjoy true peace-of-mind, because your security solution is ready to go from the moment you open the box.

- Extended Burn-In
- Custom Labeling
- Pre-Programming & Configuration
- Custom Solution Integration

**Get all 4 services for 1 low price!**

**Call For Pricing**

# IP Wireless

The evolution of 802.11n wireless technology has made wireless IP video a reliable and affordable solution. The Tirade series product line provides over 100 Mbps of high speed bandwidth for a robust and scalable wireless network for video solutions.

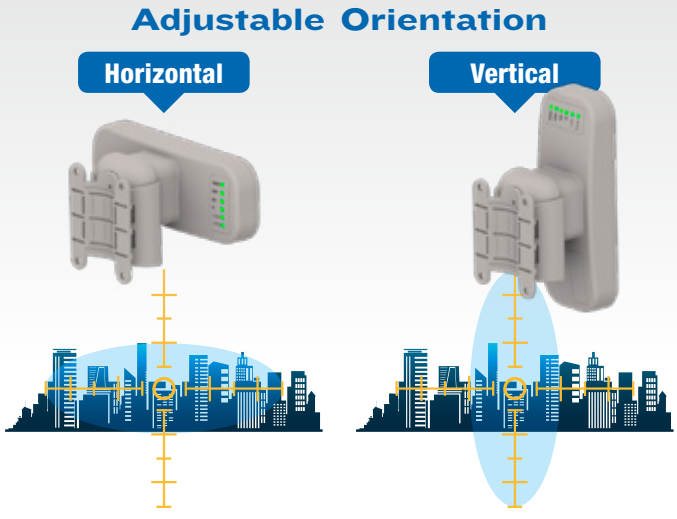
TIRADE
Screaming Fast Wireless Video

## Outdoor 5.8GHz 15 dBi MIMO Wireless Access Point with Optimal Beam Focus

**Ideal for short to medium range wireless communication**

- 5.8 GHz frequency band
- 802.11 a/n modulation
- 2 x 2 MIMO
- Optimal beam focus feature enables you to fan or restrict the beam depending on your application
- Passive PoE (Only works with included PoE injector or WIPPI100 replacement injectors)
- Integrated dual polarized 15 dBi antenna
- 1 mile range line of sight
- IP65 weather rated

**Outdoor 5.8GHz 15 dBi MIMO Wireless Access Point with Optimal Beam Focus** WIP5815N-WR **$124.99**



## WORKS WITH MOST ANTENNAS

- 5 GHz frequency band
- 802.11 a/n modulation
- Easy to configure
- Flexible - use different antennas
- IP65 weather rating
- More channels/less interference
- More bandwidth

**5.8 GHz Outdoor MIMO Wireless Access Point** WIP5800N-WR **$114.99**

## 90° COVERAGE + INTEGRATED ANTENNA

- 5 GHz frequency band
- 802.11 a/n modulation
- Up to 2 miles
- IP65 weather rating
- Integrated 20 dBi antenna
- 90 degree coverage

**5.8 GHz 90 Degree Outdoor MIMO Wireless Access Point** WIP5890N-WR **$199.99**

## UP TO 4 MILE RANGE + INTEGRATED ANTENNA

- 5 GHz frequency band
- 802.11 a/n modulation
- Up to 4 miles
- Long range
- Integrated 18 dBi antenna
- IP65 weather rating

**5.8GHz 18dBi Outdoor MIMO Wireless Access Point** WIP5818N-WR **$139.99**

# NEW! Extreme Weather Cameras

**Featured Loaded**

- 1/3" Sony 960H CCD image sensor
- 700 TV lines of resolution
- 2.8 -12 mm varifocal lens
- Can withstand temperatures down to -40°
- Up to a 320' IR range
- True day/night (ICR) to capture sharp, detailed images day and night
- IP66 weather rated

**36x 320' IR PTZ Camera**
BLK-PTZ36XIR

**STARTING AT**
**$329.99**

**90' IR Dome Camera**
BLK-CPV700RH

**12x Mini PTZ Camera**
BLK-PTZ12X

**36x PTZ Camera**
BLK-PTZ36X
